

# Criteria for a Listing at Spokane Art Galleries

The online list of Spokane art/craft galleries and art fairs is the destination page for a QR code found on postcards, window stickers, and flyers that are distributed throughout the Spokane area. The code is easily scanned by visitors to our town and by local residents, which can then send more foot traffic to all the listed venues, increasing the likelihood of sales for original/handmade work.

## CRITERIA FOR ART GALLERIES & SHOPS:

- ~ Is it a shop/gallery that is devoted to selling original art and/or handmade craftwork that is created by artisans of the Inland Northwest, with little or no imported buy-sell products?
- ~ Is presenting the art & craft the primary mission? If not, what is the main purpose of the shop? (for example, framing).
- ~ Is there a bricks & mortar location in the Spokane area that the public can visit?
- ~ Does the shop/gallery have regular days & hours when it is open to the public?
- ~ Does the shop/gallery have either a webpage or a Facebook page that describes its purpose, with the location, telephone number, and posted hours of operation?

## FOR ART FAIRS:

- ~ Is the fair devoted to original art & craft? or does it include imported/commercial items, business services, etc?
- ~ Is there a jurying process?
- ~ Does this event have either a webpage or a Facebook page that describes the fair, with the location and dates?

If you feel you meet the criteria above and would like to be considered for a listing, we need to know your **name** ; the **business name** (or in the case of an art fair, the name of the event) ; the **location** in the Spokane area ; your **phone number** ; the biz or fair's **web URL and/or Facebook page address** ; and your **email address**.
